

MULHALL CONTINUES STORY TO PROBERS

Identifies Large Amount of
Correspondence With Lit-
tle More Than a Glance

BOTH HOUSES AGREE

Under Arrangement Both Sides
Will Proceed in Their Own
Way Without Conflict

HOUSE HEARS FAIRCHILD

WASHINGTON, July 14.—Martin M. Mulhall, professed field agent, strike-breaker, lobbyist and political worker for the National Association of Manufacturers, continued today his remarkable story before the senate lobby investigating committee. Mulhall was on the stand for six hours. In that time nearly six hundred letters, telegrams and scraps of memoranda were identified by him with hardly more than a glance. He remembered apparently the first names of members of congress, of lesser politicians, of labor leaders and of secretaries of congressmen and of all the men he had worked with through a year of most active campaigning in many parts of the country. His performance seemed so remarkable to lawyers present that they sat all through a long day intently watching the witness and listening closely to the letters and every word that the witness uttered in the brief cross examination that accompanied some of them.

Threatened Rupture Ends.
The threatened rupture between the senate and house committees apparently ended today with a friendly agreement subscribed to by both sides. Under this arrangement the senate committee will finish its examination of Mulhall before he is turned over to the house. It will also put in the record all the Mulhall correspondence it cares to. Copies of all the letters and memoranda put in the record will be furnished every member of the Garrett committee and they will have ample time to study the case before they get Mulhall. In the meantime James E. Emery, a Washington attorney for the National Association of Manufacturers, who is under subpoena by both committees, will be allowed to appear in the house wing with papers he was ordered to produce. Chairman Overman said tonight that all the difficulties that looked so formidable for a few days had been smoothed out and that each committee would now proceed in its own way without conflict.

Activities Read Into Record.
The senate committee devoted today largely to reading into the record the tale of Mulhall's political activities. There was an occasional "lobbyist" had figured and an allusion now and then to the inside workings of labor unions but for the most part it was a story of politics as Mulhall played the game.

Mulhall's correspondence told of the efforts to re-elect former Congressman Littlefield of Maine and defeat the present representative from that district, Daniel J. McGillicuddy. Littlefield was to be supported by the National Association of Manufacturers because of his stand against labor legislation. Mulhall said on cross-examination that he had been told that \$60,000 was spent in that campaign.

Mulhall's letters went into detail concerning the campaign he made in Maryland to beat former Congressman Pearre of Cumberland. Pearre was author of an "injunction bill" and Mulhall and other agents went out to get his political scalp.

Tells of Cushing's Resignation.
Just before the committee adjourned the letters began to show Mulhall's activities after Marshall Cushing, the secretary of the association with whom he had corresponded so long, had resigned.

"Cushing resigned," Mulhall declared, "because he said no self-respecting politician could report on lobby work."

Mulhall said Cushing resigned in the spring of 1907, to the late James W. VanCleave, then president of the association, who wanted full reports of all his work. The committee read several letters from Mulhall to VanCleave in which the "lobbyist" showed that he didn't care so much for Cushing after the secretary left the association. Some of the letters read earlier in the day showed that Mulhall had been known to the late Vice-president James S. Sherman, who in 1907 was chairman of the National Republican congressional committee.

In a letter he wrote on July 1, 1907, to Mr. Sherman, Mulhall said he was going west and would call upon "the Hon. James E. Watson of the sixth Indiana district" and that he intended to look up members of the organization in that district and get them to do some active work for Watson.

"I will pledge you before starting there," the letter said, "that we will be able to land Mr. Watson again in the next house."

Sherman Acknowledges Assistance.
On July 2 Mr. Sherman on paper of the Republican committee wrote

MRS. WEBSTER FREED BY CORONER'S JURY

VERDICT CONTAINED A REBUKE FOR
DRIVER OF AUTOMOBILE

States That She Should Not Have
Attempted to Operate a Touring
Car in Crowded Business District
of Chicago—Dead Woman's Son
Testifies.

CHICAGO, July 14.—Mrs. Mabel Webster of Wilmette, Ill., whose automobile struck and killed Mrs. Martha Beggs of Danville, Ill., Saturday, was freed by a coroner's jury here today. The verdict, however, contained a rebuke for Mrs. Webster in the statement, "we are of the opinion that had Mrs. Webster used greater care and caution the accident would not have happened and furthermore that Mrs. Webster should not have attempted to operate a touring car in the crowded business district of Chicago."

Mrs. Beggs was fatally injured by Mrs. Webster's seven-passenger car Saturday afternoon at the corner of Jackson and Michigan boulevards. The coroner's verdict stated that Mrs. Webster died in an ambulance on the way to St. Luke's hospital. Shock and internal injuries were the cause.

Mrs. Beggs' son Chester, 12 years old, who was with her at the time of the accident, testified at the inquest. The boy burst into tears as he described his mother's death. At the time of the accident Mrs. Webster was alone in her car with her son Chester, a year younger than Chester Beggs. Mrs. Webster testified that although she had driven automobiles for three years, she never had driven a car into the crowded business district until the afternoon that Mrs. Beggs was killed. Mrs. Beggs was the wife of J. H. Beggs, purchasing agent of the Chicago & Eastern Illinois railroad. She was on the way to meet her husband at his Chicago office when the accident occurred.

PUBLIC RECEPTION MARKS OPENING OF BI-ENNIAL CONVENTION OF OF BI-ENNIAL CONVENTION OF DOKAYS

Train Bearing Temples From Peoria
and Jacksonville Arrives Late
Monday Afternoon.

Minneapolis, Minn., July 14.—The festivities of the biennial convention of the Dramatic Order of the Knights of Khorassan began here tonight with a public reception at the official headquarters of the imperial palace. While the order of Knights of Khorassan is affiliated with the order of the Knights of Pythias, it has never been officially recognized by the parent organization. The presence of the supreme officers of the Pythian order at the convention this year leads the officers of the Imperial Palace to believe that the desired action will now be taken.

The train bearing temples from Peoria and Jacksonville, Ill., and Columbus, O., arrived from Chicago late in the afternoon.

DECATUR WOMAN A JUROR.

Decatur, Ill., July 14.—Mrs. May Hildebrand is the first woman to serve as a juror in Decatur and southern Illinois. She and five men heard the case of the city against an automobile mail collector charged with violation of the traffic ordinance. Mrs. Hildebrand said that she would like to serve again and that she will exercise her right to vote.

Mulhall acknowledging material assistance rendered in campaigns.

On the house side today the Garrett committee heard one witness, Representative George W. Fairchild of New York, and recessed for an indefinite period to take up the study of the copies of the Mulhall letters furnished by the senate committee and to consider documents to be presented by the National Association of Manufacturers in answer to a subpoena duces tecum served on James A. Emery.

Representative Fairchild was sworn to allow him to make a statement in answer to Colonel Mulhall's charge that he is a "large and wealthy manufacturer himself and one of the most active adherents of the association," and that he told Mulhall of "meeting and dinners held in Emery's home."

Mulhall also declared that he had been sent into Mr. Fairchild's district on three separate occasions at his request. In both 1906 and 1908, Mulhall said he worked in Mr. Fairchild's district and his expenses were paid by the National Association of Manufacturers.

Denies He is a Member.

In a formal statement Representative Fairchild denied that he was a member of the Manufacturers' Association or an adherent of the association. He said he had never been approached by any member or representative of the association relatively to any measure pending before the house. Colonel Mulhall, Mr. Fairchild said, spent one day in his district in 1906 during his campaign for re-election, that he came entirely without request or pre-arrangement and Fairchild said he did not know at the time that he was connected with the National Association of Manufacturers.

Supplementing his statement Mr. Fairchild said in 1906, Colonel Mulhall did "semi-detached work" for him to learn who were trying to defeat him and again on the same class of work in 1912.

M'ADOO'S PROPOSAL CAUSES DISCUSSION

Would Amend Currency
Bill's Provision for Re-
funding Federal Bonds

GLASS OFFERS PLAN

Conference of Democrats Ad-
journs After Three Hours
Fruitless Argument

TARIFF FIGHT POSTPONED

WASHINGTON, July 14.—A proposal outlined by Secretary of the Treasury McAdoo in a statement several days ago, amending the administration currency bill's provision for refunding federal two per cent circulation bonds by the issue of three per cent bonds, precipitated heated discussion in the conference of Democratic members of the house banking and currency committee today. After three hours of fruitless argument the conference adjourned tonight with the members in a rather excited frame of mind and the McAdoo proposal still pending.

Glass Offers McAdoo Plan.

Although the funding section of the bill had not been reached in the consideration of the measure, Chairman Glass today offered the McAdoo plan as an amendment. In a statement tonight Mr. Glass said the plan was "designed to clarify the meaning of the bill as to the disposition to be made of United States two per cent bonds and to give assurance to the holders of such bonds that the government has no purpose to abrogate the circulation privilege attaching to the bonds until the end of the twenty year period provided for in the refunding process."

The McAdoo proposal would write into the bill the following provision: "So long as any of the said two per cent bonds bearing the circulation privilege are outstanding they shall be entitled to all of the rights and privileges they now possess."

Battle All Afternoon.

The Democratic members of the committee in executive session battled back and forth all afternoon without avail.

"A division of opinion developed in the committee," said Representative Glass in his statement tonight, "as to whether or not this provision would reassure the holders of government two per cent bonds and also as to whether or not the currency bill should contain any refunding provision whatsoever."

The Democrats will resume the argument tomorrow. Repeal of the time limitation on the Vreeland-Aldrich emergency currency was proposed in a bill adopted in the senate today by Senator Brandegee of Connecticut.

The Vreeland-Aldrich act which expires on June 30, 1914, would be superseded by the proposed emergency bill. Senator Brandegee's bill is designed for consideration in event no other currency legislation is enacted at the special session.

Senate Tariff Fight Postponed.

Formal opening of the tariff fight on the floor of the senate was postponed today from Wednesday until Thursday. This was done to enable the finance committee to complete its report on the Underwood-Simmons bill, the presentation of which will mark the beginning of forensic hostilities on the floor.

In the meantime the senate will listen to a speech tomorrow by Senator Thomas of Colorado on the relation of the tariff to the panic of the nineties.

As a prelude to the long debate which is to follow Senator McCumber today addressed the senate in opposition to the bill, he said, from a farmer's point of view. As another prelude Senator Smoot introduced his proposed substitute for the wool schedule.

PANA COAL CO. BANKRUPT.

Pana, Ill., July 14.—The Pana Coal company went into the hands of receivers today. James M. Taylor of Taylorville and Francis M. Roberts of Chicago were appointed receivers. The property consists of two mines valued at about \$400,000.

ESTIMATES BIG SAVING BY GOVERNMENT PLANT

DANIELS SUBMITS NAVAL EXPERTS
FIGURES TO CONGRESS

Declares Millions Can Be Saved On
Armor Plate By Operating a Gov-
ernment Plant Or Compelling
Competition Among Private
Firms.

WASHINGTON, July 14.—Naval experts figure showing that a government armor plate factory costing \$8,468,000 would save \$140 an arm of more than a million dollars net a year, were submitted to congress today by Secretary Daniels. The secretary's report was sent in response to a senate resolution and supplemented previous statements issued by him advocating a government owned armor plant.

Can Save Millions.
Millions can be saved either by operating a government plant or by compelling competition among the private manufacturers, Mr. Daniels declared. Therefore he asked congress to make a "full, thorough and early investigation of the cost of an armor plate factory and the cost of manufacturing armor plate in factories owned by concerns dependent upon government patronage."

Reviewing the situation in his report the secretary said the accepted plan had been that the Bethlehem, Carnegie and Midvale plants should be given the armor work at practically their own prices.

Took Advantage of Situation.
"This step having been taken," he said, "it clearly followed that the manufacturers themselves convinced that one-third of the work is coming to them without much reference to the price they have been getting they have not overlooked the advantage of putting in bids practically of the same figure and at the same rate. They have argued that should one of them put in a bid much lower than the others the only result would be that the other two firms would have to come down in their price to that of the lowest of the bidders in the eventual distribution of the work."

Although money or an armor plant was provided in an appropriation bill passed at the beginning of the second Roosevelt administration after an investigation the plant was never constructed. In consequence the armor plate manufacturers were allowed to jump their prices from \$246 a ton in 1906 to \$420 in 1907 and to keep at that figure till last year when they were advanced under the excuse of increased expenses caused by the eight hour law to \$454 a ton.

ZANESVILLE RESIDENTS FEAR REPETITION OF MARCH FLOODS

Heavy Rains Develop Into a Cloud-
burst Causing Heavy Damage.

Zanesville, O., July 14.—Residents of Zanesville feared a repetition of the March floods today when the city was again threatened by a cloud-burst and the rainfall of 6.45 inches less than half an inch below the rainfall which caused the March flood.

More than twenty bridges were washed away, crops were ruined throughout this section and the damages including those of farmers were estimated anywhere from \$200,000 to half a million. The Muskingum river rose 14.6 feet within a period of eight hours, but this evening the water began to recede and the stage tonight is about five feet lower than the high water mark.

Thousands of acres in the lowlands of the county were under water while in the city 50 houses were inundated to a depth of several feet. In the flood district people found the water approaching their homes rapidly and they moved their furniture to the upper floors.

Severe Storm At Dayton.

Columbus, O., July 14.—A severe wind rain and electrical storm is raging over western Ohio. In the vicinity of Springfield and Dayton. Practically all wires are down. According to a report from Springfield at one o'clock rain is falling there in torrents.

MINNESOTA BOARD GRANTS MANY PARDONS AND COMMUTES TERMS

Denial Made to Application of W. E. McNabb of Chicago Convicted of White Slavery.

St. Paul, July 14.—The state pardon board which today considered forty-five applications, granted four full pardons and ten commutations of sentences, the remaining applications being either taken under consideration or denied.

Denial was made to the application of Matthew H. McNabb, of Chicago, convicted last March of white slavery, the charges against him resulting from his connection with a young woman from Champaign, Ill. McNabb was sentenced to three months and lately was given an additional sentence as a result of the activities of a local club woman who also appeared today and protested against the pardon for him.

Several messages were received by the board today asking for McNabb's pardon, one of them coming from Bishop E. E. Hughes of the Methodist Episcopal church, San Francisco.

RAILROADS AGREE TO ARBITRATION

Will Submit Differences
Under Provision of New-
lands-Clayton Act

NOT TO DECLARE STRIKE

Action Was Result of Two
Hour Conference at White
House With Pres. Wilson

WILL PASS LAW TODAY

WASHINGTON, July 14.—Representatives of the 89,000 conductors and trainmen of Eastern railways, who have voted to strike for higher wages and managing officers of the railroads agreed at the white house today to submit their differences to arbitration under the provisions of the Newlands-Clayton act, which President Wilson and congressional leaders promised to make law by tomorrow night. In the meantime no strike will be declared, officials of the employees' brotherhoods agreeing to an armistice until Wednesday night. This victory for arbitration over the strike was the result of a two hour conference at the white house between President Wilson and congressional leaders, both Republicans and Democrats the presidents and representatives of the Brotherhoods of Trainmen and Conductors. The agreement not only averted, temporarily at least, the strike which threatened to tie up railroad traffic generally in the east but smoothed out differences of opinion that had arisen in both houses as to the composition of a permanent commission to deal with railroad disputes.

Congress to Convene Today.

The pathway was cleared for prompt action in both houses, Senator Kern telephoning from the white house to have the senate adjourn until tomorrow instead of Thursday as contemplated and Representative Clayton announcing that he would move to take from the speaker's table his bill to which amendments in conformity with the Newlands' bill in the senate would be attached.

The president later announced that he would sign a measure such as agreed upon and described the conference as "simple and satisfactory."

Bills Were Originally Identical

The bill introduced in the house by Representative Clayton, chairman of the judiciary committee, originally was identical with that introduced in the senate by Senator Newlands but had been amended at the instance of Secretary Wilson of the department of labor who wished the arbitration board to consist of nine members who were to be under the jurisdiction of his department. At today's conference however Secretary Wilson while still expressing his preference for the amended Clayton bill announced that he would not insist on his amendments and was immediately reached to put through the Newlands bill of which both parties to the controversy had previously expressed their approval.

With two minor provisions of the Clayton bill incorporated before tomorrow night, both houses probably will have passed a perfected bill to be sent to the president for his signature.

Would Create Mediation Board

The Clayton amendments to the Newlands bill concern the elimination of an inconsistency as to the place for the filing of the papers in the various hearings and insert a provision that no mandatory process of any court should oblige an employee to work against his will. The perfected bill will create the United States board of mediation and conciliation appointed by the president with the consent of the senate, with a salary of \$7,500 and a tenure of seven years and not more than two other officials of the government already appointed by the president with the consent of the senate who shall be designated by him as the two other members of the board. There also would be an assistant commissioner with a salary of \$5,000 authorized to act in the commissioner's absence. For the settlement of controversies as they might arise, the measure would provide for boards of arbitration of six or three to be selected with the help of the board for mediation and conciliation whenever necessary. The latter board would pass upon any disagreements among the arbitrators. Awards made by the board would be executed by the federal courts, with which appeals could be filed.

President Wilson Gratiified

President Wilson expressed his gratification after the conference that an agreement had been reached on disputed points. He declared that while the Erdman act originally contemplated a controversy between a single railroad and its employees the scope had now been widened so as to deal with associates of railroads. He referred to the suggestions made as "just and reasonable" and

KANSAS EXPERIENCES HOTTEST DAY IN SEVERAL YEARS

Smith Center and Marysville Report
108 Degrees—Omaha Tempera-
ture Reaches 104.

Kansas City, Mo., July 14.—With hot winds blowing at the rate of thirteen to twenty-five miles an hour, the state of Kansas today experienced the high heat record of the year, the high record reaching those of 1901.

Smith Center and Marysville reported 108 degrees. Other temperatures were Manhattan and Abilene 107, Leavenworth 106; Junction City 104; Atchison 101; Topeka 100.

In this city a temperature of 98 was recorded. At St. Joseph, Mo., a temperature of 101 degrees was recorded, the highest since August, 1911. Late tonight a temperature of 98 prevailed.

Omaha Reaches 104 Degrees.

Omaha, Neb., July 14.—The abnormal temperature of 104 degrees was registered by the government thermometer at four o'clock this afternoon. Many points in the state reported temperatures exceeding those in Omaha.

MAROONED PASSENGERS

Marion, O., July 14.—Thirty-five passengers on a northbound Pennsylvania train marooned at Stanleyville, near here, by floods, were rescued this afternoon when trainmen and farmers cut open the top of the coaches and carried the passengers out in row boats.

TAKES DIRTYBET TRIP.

Berlin, July 14.—The president of Harvard university, Dr. Abbott Lawrence Lowell made a trip today in a Zeppelin dirigible airship from Potsdam to Berlin and return.

saw no reason he said, why congress should not act upon them now to prevent a great inconvenience and perhaps a disastrous situation for the carrying business of the country.

The president said he would name the new commission as quickly as possible and that the contending parties had assured him that they would await action.

Merits of Controversy Ignored
The merits of the controversy itself were not touched on at today's conference, the legislative side alone being canvassed.

The result of the conference meets with the approval of all the interested parties.

"We have until Wednesday night in which to effect an amicable settlement," said Mr. Garrettsen after the meeting.

"We are willing to avail ourselves of every means for a reasonable settlement. Should the congress fail to act then the entire subject will be referred to the committee of 1,000 for action."

W. C. Brown, president of the New York Central said:

"The result of the conference was entirely satisfactory to the railway managers. It is exactly what had been agreed upon by the railways and the unions. When the Newlands measure shall become a law, it will furnish the best means of settling future wage troubles. We are pleased in every way."

The other railway managers present concurred in this statement.

MUTUAL EXHAUSTION WILL END BALKAN WAR

Sir Edward Grey, Before
House of Commons, Gives
This as His Only Hope

MERE WORDS UNAVAILING

Servia and Greece Ignore
Russia's Proposal That They
Cease Hostilities

TROOPS' ADVANCE CONTINUES

LONDON, July 14.—That the Balkan struggle will end by a process of mutual exhaustion seems the only hope of Sir Edward Grey, the British foreign secretary is able to hold out. In a statement in the house of commons tonight he said that mere words were not likely to affect the situation and it would be most difficult for the European powers to resort to force to impose peace. Neither Servia nor Greece has paid any attention to Russia's proposal that they cease hostilities, they appear determined to negotiate peace with Bulgaria only on the field, without intervention by any third party and unless Bulgaria proves amenable, it is believed that an advance will be made upon Sofia to enforce acceptance of the Servo-Greek terms.

Serious fighting for the time being is suspended but the advance of the Turkish and Romanian troops continues without opposition. Belgrade reports Servians on Sunday capture an important position eight miles west of Kustendil.

According to the Athens correspondent of the Daily Telegraph, Greece and Servia signed a secret treaty last May binding them to prosecute of war which was then foreseen with Bulgaria until the Bulgarians acquiesced in the territorial arrangements laid down in the treaty. By these arrangements the eastern boundaries of Greece would be extended to the Mesta River, considerably to the east of Drama and Servia would have access to the Aegean Sea at two points.

Cannot Exaggerate Horror of War.
Replying to a suggestion that an armistice should be forced on the Balkan states, Sir Edward Grey said it was impossible to exaggerate the horror of the war.

Bulgaria had asked Russia to aid her in securing peace and Servia and Greece had agreed to cause hostilities upon certain conditions as to Turkey, no exception could be taken to her action as long as she adhered to the Enos-Izmid line. There was every reason to believe he concluded, that matters would be brought to a satisfactory termination.

Recall Turkish Delegates.

Constantinople, July 14.—The Turkish delegates to the Balkan financial commission at Paris have been recalled. The Turkish armies are continuing their advances and have arrived at the Siliistra-Belgrade frontier. Enver Bey's forces have occupied Rodosto. It is understood that a Servo-Turkish agreement has been reached but is awaiting ratification from Belgrade before being signed.

Bulgarian Gunboat Disarmed.

St. Petersburg, July 14.—A Bulgarian gunboat and several torpedo boats lying in the harbor of Sebastopol where they had taken refuge from the Roumanian fleet were disarmed to day by the Russian authorities. The 24 hours grace allowed the belligerents having expired.

Greeks Occupy Melnik.

Saloniki, July 14.—Greek troops to day occupied the town of Melnik 55 miles to the northeast of Saloniki and are advancing toward the Bulgarian frontier. The Bulgarians further retreated to Djambala, close to the famous pass. The Greek commanders anticipate that the next big fight will take place on Bulgarian territory.

Effects Splendid Retreat.

Sofia, July 14.—It is confirmed that General Ivanoff has effected a splendid retreat. Semi-official statements have been issued, accusing the Greeks of setting fire to the town of Seres and declaring that the Bulgarians attempted vainly to get the fire under control. Other statements charge the Greeks with wholesale massacres and atrocities at Seres and elsewhere in Macedonia.

WEATHER INDICATIONS AND TEMPERATURES

Washington, July 14.—For Illinois—Thunderstorms Tuesday or Tuesday night, cooler Tuesday night west portion; Wednesday probably moderate variable winds.

AN OLD FAVORITE DECEASED.

The following obituary appearing in the Chicago Tribune of July 13 will be of interest to many of the citizens of Jacksonville who forty or more years ago were wont to pack Strawn's hall whenever the magic name of Katie Putnam appeared on the bill boards. She was the favorite player of those long vanished days and many a venerable citizen will recall her as the lively Fanchon. The Little Detective and kindred and well beloved characters: Harry B. Emery, widely known as a theatrical manager, is dead at his home in Benton Harbor, Ind. Cerebral hemorrhage was the cause of death. He was 59 years old. His widow, Katie Putnam Emery, is an actress.

PLANS LAID FOR BIGGER AND BETTER CHAUTAUQUA

Business Men Luncheon at Nichols' Park Discuss Means of Improving and Promoting Educational Festival.

The Jacksonville Educational Festival and Chautauqua, its advertisement, purpose and promotion, was the topic considered Monday evening at the get-together luncheon of the Business Men's association at Nichols park. "The ten days of the chautauqua should be, I think of all the year Jacksonville's biggest ten days," said Secretary Fritchey, in summarizing the valuable suggestions which had been offered by various members of the association on ways and means of work for the Educational Festival. "The great essential of success is that we all get together; that each one of us do his part."

Sixty men sat down at 7 o'clock to an excellent luncheon served by Reynolds & Rantz in the pavilion at the north border of the lake. The business men had left the square at 6:15 in a special car especially provided for their use by courtesy of W. B. Miser, the general superintendent of the Railway and Light Co. After the luncheon the business men adjourned to the big pavilion for a discussion of one of the main problems at present before the Chamber of Commerce, the proper advertisement and promotion of the 1913 Jacksonville Chautauqua.

Plan Booster's Excursions.

Among the principal methods of bringing the chautauqua to the attention of the residents of near by towns planned by the executive heads of this annual event is the booster's excursion. It is the promotion of the chautauqua that is desired by these excursions and not competition with the merchants of the cities visited. A well received suggestion by H. J. Rodgers set forth the advisability of having the band accompany all these excursions whether they go by automobile or train. A tentative program and route for these trips as worked out by Mr. Shaw, the superintendent, Secretary Fritchey and the members of the advertising committee includes a trip to the Griggsville fair between the 22nd and 25th of July and a series of such trips to comprise cities as far south as Carrollton. It is probable that the trip to Griggsville will be made by train and that the others will be made by automobile. The program at each town will include presentation of the attractions of the chautauqua by citizens of Jacksonville, selections by the band and an address by some expert in topics along the line of agriculture and rural improvement.

Further Plans. A baseball game will be played every day of the chautauqua except Sunday if the present plans of the executive committee work out as expected. Eight teams will be in competition for the prizes which will be awarded. These games will be played the latter part of each afternoon will be a very successful feature the secretary pointed out, if the success of such games in other cities is any criterion.

Plans were discussed as to how each member of the Chamber of Commerce can aid in the advertisement of the chautauqua. It was suggested that members make use as much as possible of the special chautauqua envelopes which may be procured at a nominal price from the secretary. Business men were urged to continue the use of the chautauqua stickers on their correspondence and to distribute as many of the programs as practicable. Announcement was made regarding the season tickets which are now on sale by the guarantors at \$2.00 and which this year are not transferable. Guarantors were urged not to cut prices on the tickets.

Secretary Fritchey called attention to the program booklet and to the attractions of the big days of the chautauqua. There will be three days upon which the admission will be fifty cents, Music Day, Innes Band day and Drama day. A number of exhibits are being planned for, as for instance a child well fare exhibit and a poultry exhibit. The entrance this year to the grounds will be at the bridge.

The Banqueters.

Those who attended this get-together banquet of the business men's association were Mayor George W. Davis, C. R. Krollinger, Otto Kuchmann, W. B. Miser, H. M. Capps, Paul B. Fritchey, Clarence Lukeman, George Lukeman, Dr. G. H. Koppert, W. L. Ramsdell, Dr. T. J. Pitner, J. L. Reeve, Thomas Worthington, C. L. Mathis, W. O. Swales, A. E. SOON HAVE STORE READY FOR BUSINESS.

T. B. Reeve is moving from his residence, 1228 South Main street, to his new home, 1600 South Main. Mr. Reeve has recently erected a new store building and will have his residence in connection with the store. It contains eight rooms and is modern in every way. He expects to run a grocery and general merchandise establishment and will be ready for business the last of this week.

LITERBERRY.

The M. E. Society of Literberry held their monthly meeting at the beautiful suburban home of Mr. and Mrs. Oral Rexroat of Sweet Clover avenue, Arcadia on Wednesday afternoon. Mrs. Rexroat was assisted in the entertainment by her sister, Mrs. Edward Shrewsbury of Arenville and also by Mrs. Edward Rexroat. A good program was rendered and elaborate refreshments were served in courses. About thirty members were present and a few visitors. Master Charles Shrewsbury had charge of the finger bowl and little Miss Pauline Henderson took up the offerings, making money changes and never missed any. The offering was three dollars.

The Misses Bertha and Marie Mason who live on Gold avenue in the Bend visited here last Thursday and Friday among relatives.

Mr. and Mrs. James Weir Elliott of Jacksonville, drove out last Friday evening to eat supper with Mr. and Mrs. Durrell Crum and were detained over night by rain, but they were not fretting much on account of the way things turned out.

During the electrical storm Friday evening the barn of Harry Petefish was struck by lightning, setting fire to the structure and in a few minutes the whole thing was in flames. We understand there was about fifty tons of hay in the mow, two wagons were also burned and other things that are liable to be around and in a large barn. Mr. Petefish will sustain quite a loss.

Callers at Sunshine cottage last Saturday evening were Mrs. Joe Litter, Mrs. Earl Underbrink and daughter, Mildred, Mrs. Collins, Mrs. Paul and Mrs. Durrell Crum.

Mr. and Mrs. Oscar Petefish of East Capitol street entertained on Sunday at luncheon the following persons: Mr. and Mrs. Edward Litter, Mr. and Mrs. John Daniels, Mr. and Mrs. Ona Crum, Mr. and Mrs. Earl Underbrink, Mr. and Mrs. Earl Rexroat, Mr. and Mrs. Durrell Crum and little Mildred Underbrink.

The ladies of the Baptist church have announced their annual chicken fry for the thirteenth (13th) of August. There will be something doing in our town about that time. Come over and see for your self.

Miss Mabel Jordan of Jacksonville spent Saturday night and Sunday with friends here.

Mr. and Mrs. Willard Young and children visited with relatives in Jacksonville Saturday.

A bold highway robbery was committed near our town on the afternoon of the eleventh, when an industrious family was robbed of all their treasure. They had been working early and late during the summer and had accumulated quite a stock of good things for the proverbial "rainy day" and the long cold winter that usually comes to this part of the country. This robber was no sneak as some are who follow this profession, but did his work in a business way, first driving the family from their home, then appropriating all their treasure to his own use. Of course the family put up a good, prolonged fight for their goods, but lost the day and all they owned. There was no blood hounds sent for no arrests made for the simple reason that the robber did not try to hide his maneuvers or seem to think that he had broken the law; in fact, he came into town acting more like a conquering hero than a bold bad man. Sometimes we get a little mixed in telling things, not that we have ever exaggerated or make a mole hill out of a mountain, but sometimes we get the cart before the horse then a little explanation is necessary.

The family who were so ruthlessly robbed of their living was a swarm of honey bees that made their home in one of the cable boxes of the Bell telephone line near our town. Arthur Litter was the bold bad robber who drove the bees out, captured their honey, about fifteen pounds and felt no compunction of conscience over the deed.

Mrs. Lotta Henderson Hutches and four year old daughter, Bernita of Chicago are visiting her parents, Mr. and Mrs. C. P. Henderson west of town. Mr. Hutches will come later for a visit here.

We listened to two excellent sermons on Sunday, the first was by Rev. Dickman at the Baptist church in our little town and the afternoon sermon was at Grace chapel by Rev. J. G. Reed.

Mrs. D. K. McCarty.

PRaises JEFFRIES' BAND.

Among the listeners to the band concert at Nichols park Sunday evening was W. E. Hall of New York city, a well known musician and one who is connected with a musical house. He was a business visitor in the city Saturday, a guest at the Pacific hotel, and decided to remain in Jacksonville over Sunday. He had only the highest praise for Mr. Jeffries and said outside of the big bands such as Gilmore and Sousa he considered it one of the best he had ever heard. The remarks coming from an entire stranger and a man well versed in music is certainly complimentary to Mr. Jeffries and his corps of players.

DRUG DEPARTMENT

There is no time of the year that a good mineral water is more acceptable than now. During these warm days when our appetites are normal we are very apt to over load the stomach. A wine glass of "PLUTO", "ABILENA", "HUNYDAL", "SPRUDEL" OR "APENTA" in a glass of water before breakfast, dinner or supper will be found very beneficial.

**REV. H. H. MITCHELL RESIGNS
CHARGE AT TRINITY**

Rector of Local Episcopal Church Will End Four and One-half Years of Successful Service September 1.

Rev. H. H. Mitchell, rector of Trinity church, has written a letter to the vestry of the church thanking them for their many kindnesses to his family and himself and tendering his resignation, to take effect Sept. 1.

He is giving up parochial work for labor in the mission field in the state of Washington, where he will be stationed at Colfax. In the four and one-half years he has been in the parish many improvements have been successfully accomplished. The parish stands high in the regard of the diocese and some of its members are leaders in diocesan councils. At the beginning of the rectorate of Rev. Mr. Mitchell the church was not prospering, interest in church affairs had waned in the seven months without a rector, which Trinity had passed through since the departure of the previous rector, Rev. William Mitchell, and the congregation was more or less in debt. The present prosperous condition of the parish testified the constant interest and indefatigable labors of the retiring rector.

The Rev. H. H. Mitchell was graduated from the Scholae Cancellarii of Truro, Cornwall, England, in 1890, an institution which has since been affiliated with the Episcopal Theological school at Hartford, Conn.

Mr. Mitchell held curacies in the counties of Cornwall and Devonshire for six years. From 1896 until 1904 he was a chaplain in the British navy. Two years of this time he spent aboard H. M. S. Australia, the guardship to the late Queen Victoria. He came to America after leaving the navy and worked for three and one-half years at mission work in the diocese of Springfield. He came to Jacksonville in December, 1908. The field to which Rev. Mr. Mitchell goes is in the eastern part of the state of Washington, Colfax being about 77 miles south of Spokane.

QUICK RELIEF FOR RHEUMATISM. George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.—Adv.

DRAMA LEAGUE ANNOUNCEMENT. The Play Committee of the Drama League announces that the guarantee of seats totalling \$500 for each of three attractions to be presented next season at the Grand Opera House is almost raised, \$1,300 being now pledged. The plays to be presented will be selected by the Drama League of America and will be strictly high class such as can be secured only by reason of an advance guarantee. Through an agreement with Manager Hunt of the grand, guarantors will have an advance selection of seats. The subscription list will close in a few days. As soon as the total of \$1,500 is pledged, no further guarantors tickets will be issued.

It has been impossible for the Play committee to see everyone interested in the plan. Those interested and desirous of helping secure high class drama by pledging their support in advance and agreeing to buy tickets, may secure pledge cards by seeing or telephoning any member of the play committee.

The committee makes this final announcement as to pledges so that no one who wishes the advantage of advance selection of seats may be overlooked and at the same time wishes to advise those who have signed pledge cards of the success of the effort to secure the necessary guarantee. Members of the committee are: Mr. Bassett, Miss Cole, Miss Ione Kuechler, Miss Florence Loar, Mrs. Rammekamp, Mrs. David Reid, Mrs. John K. Robertson, Mrs. Miller Weir, Mrs. Thomas Worthington, Mrs. Frank J. Vowell, and Mrs. F. J. Hehl, chairman.

EXECUTORS' NOTICE. Estate of John J. Thompson, deceased. The undersigned, having been appointed executor of the last will and testament of John J. Thompson, late of the County of Morgan and State of Illinois, deceased, hereby gives notice that it will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the September term, on the first Monday in September next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having same adjusted.

All parties indebted to said estate are requested to make immediate payment to the undersigned. Dated this 14th day of July A. D. 1913.

FRENCH HOLIDAY IN NEW ORLEANS. New Orleans, La., July 14.—An extensive celebration in commemoration of the fall of the Bastille was held in New Orleans today. The French colony in New Orleans is, perhaps, proportionately larger than in any other city of the United States and the observance of the day, regarded as the birthday of French liberty, is always made the occasion of a notable celebration.

Prizes were awarded the holders of tickets bearing certain numbers. This is intended to take the place of the grand lottery, which is one of the chief features of the national holiday in France. Addresses were made by the French consul and by prominent members of the local colony. Field sports and horse races also formed parts of the day's programme.

AT THE GRAND.

Fred Clark's "Minstrel Maids" opened at the Grand last night for a week's stand and greatly pleased the two big audiences. It was the opinion of the auditors this is Manager Hunt's "best show yet" and the wonder is that such a high class organization can be heard at the price.

The song hits of the evening were "Big Blue Eyed Baby," "Oh, You Mamma's Boy," "Possum Pie" and the parodies by Fred Wall. The music was excellent and the jokes were not of ancient vintage. The girls in the company add greatly to the interest. Last night's bill will be repeated tonight and for Wednesday and Thursday "A Night in a House Boat" will be staged.

WHITE SOX WIN FROM FRANKLIN. Annex Hard Fought Game By Score of 8 to 5.

The White Sox trimmed Franklin in a hard fought game Sunday afternoon at Franklin, by a score of 8 to 5. Simms was in great form, striking out 14 men and allowing but eight scattered bingles. Poor fielding aided Franklin in scoring. Bonehead base running cost the Sox several runs. Clark received in great style. The Sox had on their batting togs, pounding all three pitchers to every corner of the park, gathering fifteen safeties. Next Sunday the Sox will play Ashland.

Score: R. H. E.
White Sox 8 15 7
Franklin 5 8 6

Batteries—Simms and Clark; Seymour, Wheeler, Olinger and Longman.

ASHLAND WINS FROM EAGLES. The Jacksonville Eagles went to Ashland Sunday afternoon, where they were defeated by the team of that place by a score of 15 to 8. Hood, the Ashland pitcher struck out 14 men. The following was the lineup:

Jacksonville—Stewart, cf; Homer, lf; Wheeler, 3b, p; Abell, c; McColister, 2b, lf; Woodman, 2b, p; Tandy, p, 2b; Wall, ss; White, rf; Frye, lf.

Ashland—Fernandes, ss; Rebok, lf; Tate, cf; McGraw, lf; Kuhns, 2b; Conroy, 3b; Boyle, c; Kennedy, rf; Hood, p.

Score: R. H. E.
Ashland 15 15 3
Eagles 8 8 7

Batteries—Hood, Boyle; Woodman, Tandy, Wheeler and Abell.

FRANCE CELEBRATES FALL OF BASTILLE. Paris, July 14.—All France kept its usual joyous holiday today in celebration of the 144th anniversary of the fall of the Bastille. At an early hour the boulevards of Paris were thronged with merry-makers, who promenaded up and down and watched the performances of wandering acrobats, jugglers, magicians and street singers. The streets resembled carnival time, with the crowds of pleasure-seekers and the gayly decorated buildings. In the early morning magnificent wreaths were placed on the Strasburg monument in the Place de la Concorde, by various deputations.

President Poincare, while driving to the Longchamps race course this afternoon to witness the grand annual military review, was enthusiastically cheered all along the route. In the presidential tribune with him were the members of the cabinet and the ambassadors.

GOV. DUNNE LEAVES TODAY FOR LAKE MICHIGAN CRUISE

Will Announce a Large Number of Appointments Upon His Return.

Springfield, Ill., July 14.—Governor Dunne, accompanied by Mrs. Dunne, the four youngest children and by the governor's private secretary, William L. Sullivan, departs tomorrow night for Chicago, where they will be joined by County Treasurer and Mrs. William O'Connell, and take a cruise on Lake Michigan. The governor will announce a large number of appointments upon his return. Today scores of job seekers called upon him, among them being former state Senator Frank Funk, who was "Bull Moose" candidate for governor and who argued that the Progressives were entitled to the minority patronage. In support of his argument Senator Funk presented figures on the vote in this state last fall and also argued that the Progressives had supported the Dunne legislative program.

FOURTEEN KILLED IN PACIFIC ELECTRIC RAILWAY COLLISION

Several of the One Hundred Fifty Injured Near Los Angeles Are in a Precarious Condition.

Los Angeles, July 14.—Fourteen persons are dead as the result of the wreck at Vineyard station last night when two Pacific electric trains collided. Several others of the injured whose names were declared tonight to exceed 150 are in a precarious condition. Two bodies, those of a man and woman, have not been identified. Officials of the Pacific Electric assert that the blame for the disaster lies between Conductor Bartholomew of the standing train and Motorman Joseph Forester of the train that crashed into it. The conductor insists that he waved a red lantern in front of Forester's train in plenty of time for the latter to have stopped had he heeded the signal. Forester was found today at his home, only slightly injured, and declared he did not see the lantern until within 500 feet of the standing train. This distance he asserted was too short and his brakes failed to stop the train. Officials of the road insisted that the distance was not too short.

SHERIFF MORROW RETURNS WITH ALLEGED BIGAMIST.

McKenna Former Resident of Carrollton.

An Associated Press despatch of recent date related the story of Michael McKenna who was arrested in Milwaukee on a charge of bigamy. The Roadhouse Record in speaking of McKenna's career says: "Sheriff John B. Morrow of Carrollton, returned to day from Milwaukee with Michael McKenna, who it is claimed has one too many wives. McKenna, who was a switchman at Granite City, came to Carrollton with a woman seven years ago and they were married by Judge Henshaw. They afterwards lived for awhile at Pearl, where Mrs. McKenna still resides. He left her several years ago and recently she received a newspaper clipping announcing the birth of a son to Mr. and Mrs. Morris McKenna at Milwaukee. Knowing her husband had gone by that name as well as by the name of Michael she had the matter investigated and found in McKenna the man she had married seven years ago. He, however, had previously been married and is said to have abandoned his first wife in Canada ten years ago which is about the time he came to Granite City to work at railroad, reuniting with her after deserting the woman he married in Carrollton. He was found to be living in Milwaukee with his first wife and their two children, one child 13 years old and the baby whose birth was anonymously reported to Mrs. McKenna No. 2 and which circumstances resulted in McKenna's arrest. The case will probably come up at the September term of court.

DEFENDS METHODS USED IN SCHOOL AFFAIRS

DR. CLAMPIT REPLIES TO SUGGESTIONS MADE BY MR. HALL.

Member of Board of Education From Third Ward Says Money On Hand With \$20,000 Additional Should Be Used For Beginning Eighth Grade Building—Charges Mr. Hall With Giving Opinions Before He Has Investigated.

In the article contained in the Journal of Sunday, July 13, headed "Interest on School Funds, Why Not?" are insinuations that either the writer or his co-workers are firm believers that the members of the board of education of the last few years have not been and are not now conversant with the needs of the city schools or that they have burdened the tax payers for the purpose of accumulating a fund for speculative motives.

It is not customary or natural for the average person, nor is it ever expected, to keep himself or herself familiar with the growing tendencies of the higher education or to know what the actual demand has been upon the past board along industrial lines and other important factors in the curriculum, for them to be able, upon such a short notice without any investigation, as Mr. Hall has done, to give an opinion based upon facts and in justice to all concerned, as to what is absolutely required and needed in the way of a building.

It is a well known fact that Mr. Hall expressed himself as against the new proposed eighth grade building at the time he announced himself as a candidate for the school board. Upon what grounds, I am unable to say. What reason does he give for the stand that he has taken?

Has he had or taken sufficient time to thoroughly investigate the conditions and needs of the school?

Has he ever consulted any member of the board upon any topic pertaining to the schools, except some teachers that he wanted and some he didn't. How does Mr. Hall know that this proposed new building is not going to be erected for two or three years? Why so much personal interest by parties agitating a sentiment against the board making any other levy of \$20,000 and seeking the council or commissioners to vote against any ordinance granting the levy?

Why is Mr. Hall so anxious to have this money loaned out immediately or put in the bank on time deposit and draw interest?

Should Have Investigated.

If the gentleman had the interest of the schools at heart or was sincere in his statement, he would have first familiarized himself with the laws governing the schools and whether favorable or unfavorable to his wishes, defer his action until such time and see what action the council will take in passing the ordinance for an additional levy of \$20,000 in order that the school board can go ahead this fall and enclose the proposed new building and get the \$54,000 back into circulation among the people.

Which is the best business method, obtain another levy of \$20,000, which will enable the school board to enclose their proposed new building, which would relieve the crowded condition of the high school and put the entire appropriation back into circulation during the coming fall, or attempt to loan the funds now on hand for a paltry sum of \$1,800, to be redeposited by the treasurer into the building fund?

Is not Mr. Hall aware of the fact that there has been a move for two or three years, backed by some of the best citizens of the city, and some who even made a strong campaign against the re-election of Member Bavington and Mr. Badger, in favor of men who they thought would be in favor of tying up the money and putting it out on interest, or leasing the old building the Female academy, belonging to Illinois college, for 99 years and use the interest to pay the rent.

Figure the expense of remodeling the academy building, put it in shape for our convenience, and compare the advantages and disadvantages with the present plan.

Which is the best business proposition to the city tax payers? Who gets the greater remuneration in tying up \$60,000 and using the interest to pay Illinois college on a proposition of this kind?

Mr. Hall has misquoted me and other members he refers to when he says that our objection was wholly because there was no law requiring the treasurer to loan school funds.

There is a law, but possibly Mr. Hall is somewhat confused and imaginary dreams of the past as a member of the old council have actuated him to criticize the commissioners instead of the school board for not having the treasurer loan the money. Let us quote the law on this point:

According to an act to incorporate the city of Jacksonville, in the county of Morgan, and state of Illinois, governing the board of education, under special charter of the Jacksonville school district:

The Law About Loans.

Section 10. The treasurer and clerk of the city of Jacksonville shall be the treasurer and clerk of the board of education, and the board shall determine their duties, compensation and amount of security to be given.

Section 11. Said board shall cause all funds not needed for immediate use, to be loaned at the rate of 10 per centum per annum, payable semi-annually in advance. No loan shall be made for less than one year nor a longer period than five years, and if exceeding \$100 shall be secured by unencumbered real estate of at least double the value of the loan, without estimating perishable improvements.

An amendment to this act was passed making the rate of interest on school funds, where loaned, to be not less than 4 per cent, nor more than 7 per cent per annum, payable annually, all loans to be secured by mortgage on unencumbered realty in this state, worth at least 50 per cent more than the amount loaned, with a condition that in case additional security shall be required at any time it shall be given to the satisfaction of the school board.

Where, I ask Mr. Hall and his co-workers, do you find in the statute of Illinois giving the power and authority to the city council or commissioners to loan the money belonging to the school board? They are two distinct bodies, governed by separate laws, and the business of each conducted accordingly.

The members of the board of education of the past have made efforts and are now in favor of obtaining interest on the surplus funds, but they have not been in favor of tying up the money on long loans to be hampered or inconvenienced, when needed, to go forward on their proposed new building.

Banks Would Not Give Mortgages. Mr. Hall says that any bank would be willing to pay interest on this fund. I judge from this assertion that Mr. Hall has interrogated all the banks in this community and obtained from them the statement that they would be willing to give us, three to five per cent on time deposits. Is there a bank in the city which would give five per cent interest on \$55,000, secured by mortgages

on unencumbered real estate for one year or two years.

Go back twenty years if you please and you will find that at different periods the funds of the school board have been from \$20,000 to \$40,000, held in reserve to be paid upon proposed new buildings. Look over the records and see if any former treasurer of the board of education ever paid any interest to the board, without conforming to the law.

The treasurer is not to blame, nor expected to pay interest on funds held by him.

Mr. Hall is conscientious in his belief that the commissioners and they alone have the power and authority to determine what the school board should do with their funds, and to dictate to the treasurer of the board of education when and how to loan the funds, why did he not, when a member of the former city council do his sworn duty and cause to be loaned funds belonging to the school board at that time.

The commissioners and past councils have had all they could do to look after their own affairs, without taking up and usurping the rights and duties of the board of education.

It all depends upon the motive and whose business methods you adopt, as to whether you are granting favors at the expense of the people, or conducting the affairs of the board of education according to law and upon business methods more favorable to the people you represent.

ECHOES FROM ALEXANDER

Alexander Happenings Always Interest Our Readers.

After reading of so many people in Ohio who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Alexander resident leaves no room for doubt on this point.

John William Aulabaugh, farmer, Alexander, Ill., says: "About two years ago I took several boxes of Doan's Kidney Pills and will say that they did me more good than all the doctors I have tried. I have been bothered with my back very little since I used Doan's Kidney Pills."

The above is not an isolated case. M. Aulabaugh is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—If your kidney bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Aulabaugh had, 50c at all stores. McCUMBER ASSAILS DEMOCRATIC TARIFF

DAKOTA SENATOR MAKES APPEAL IN BEHALF OF THE FARMER.

Declares Proposed Bill Will Bring Great Loss to Farmers and That Kicking Them Into the Gutter—Luxuries Should Be Cut Instead of Necessary Speaker Asserts.

Washington, July 14.—Senator McCumber of North Dakota, opened the Republican assault on the Democratic tariff revision bill in the senate today, defending the farmers of the country against the free list or great reduction in the tariff rates on agricultural products, and charging the Democratic party with deliberately "kicking the American farmer into the gutter."

"In this year, 1913," said Senator McCumber, addressing the Democrats, "you are about to commit a greater crime against the American farmer than has ever been perpetrated by any political party against any class of people during any period of recorded history."

"With violent hands, you are about to strip him of every advantage which the changed conditions of home supply and demand were about to yield to him. You have declared that he is an outcast in the land which he has made, the only one of all the classes of American people which is not entitled to any consideration at your hands. You have insulted his sense of fairness, slapped him in the face and kicked him into the gutter."

The tariff bill, Senator McCumber declared, seemed to have been "conceived in animosity against every American industry that needed protection" with the American farmer as the "special object of choler and hate."

Calls Democrats Cold Blooded.

"Is it because of his past political affiliation that you are heaping upon him the vengeance for all your previous defeats? Or do you consider yourselves to be the instrument through which providence is to work its punishment, because in the last political campaign he forgot the political faith of his fathers and went chasing after a strange god, with cloven hoofs and branching antlers? If he is to be punished for his heresy, are you the proper persons to inflict the punishment? You are the beneficiaries of the farmers' infidelity to his own party last fall. And for you now to be his executioner for the offense of being misled by you, strikes me as one of the most cold blooded propositions I ever have heard of."

It was the Democrats, Senator McCumber declared, who told the farmer that he had been wronged by Mr. Taft because the former president sought "to trade off his protection for reciprocal tariff reductions by Canada" and it was the Democrats who tried to convince the farmer that the Republican party was not to be trusted and that they, instead should be entrusted with his interests. The reciprocity proposition the senator argued, had one virtue, in that it proposed to get something for surrendering nothing, while the Democrats proposed to trade away the farmer's interest in everything "for absolutely nothing."

"The reciprocity proposition," he continued, "subjected the farmer to the free competition of Canada only. You subject him to the competition of the whole world—all of Canada, Australia, Venezuela, Argentine, Cuba, the Philippines and every other country on the face of the

earth that may want to dump its products into the market that belongs by rights to the American farmer."

Senator McCumber asserted that the Democrats admitted the tariff bill would injure the farmer, contending that he received too much for his products and must be compelled to sell them cheaper, and charged that the Democrats "know that your claim that you are going to benefit the consumer is false and demagogic in the extreme." The senator submitted statistics seeking to show that the tariff did not affect the price of farm products to the consumer and again addressing the Democrats, said:

Luxuries Raise Living Cost.

"Your ears are closed to every appeal for justice for the tiller of the soil. You are reaching a point where your income is unable to keep pace with your extravagances, and you are asking the farmer to make good the deficit by reducing the price of his products. It never occurs to you that the proper place to begin economy is on the luxuries, the unnecessary of life. You declare to him that the American people are paying \$1,500,000,000 a year for meat and you say that is too much. He answers 'They are also paying \$2,000,000,000 a year for liquors. Cut your liquor bill half and you will save enough to buy all your meat.' You declare they are paying \$435,000,000 a year for flour. He replies, 'They are paying \$300,000,000 for tobacco. Cut your tobacco bill half and your flour is free.' You declare they are paying \$225,000,000 a year for potatoes. He replies, 'They are paying \$500,000,000 for theaters and amusements. Cut your amusements in half and your potatoes are free. You declare they are paying \$300,000,000 a year for butter and eggs. He replies, 'They are spending \$500,000,000 a year for confectionery.' His replies are unanswerable. They are so many monuments rearing in clear black letters into your eyes as indictment of your own criminal extravagances and high living."

The North Dakota senator asserted that prices would be lower after the tariff bill becomes law, but that it would be because of the inability of the public to pay higher prices and because of the "general stagnation of business" brought about by the tariff bill.

"The farmer may be slow, but he is quite sure," continued the senator. "He may forget, but the hard raps of poverty can jog his memory. Once pass this accursed measure, and before 1914 he will be fully awake to the realization of the offense committed against him. Pass this bill and unless this cut-throat policy which annihilated the Republican party in 1912 continues there will not be a Democratic state in the whole north. It took the farmer sixteen years to forget the last Democratic policy. Pass this bill and the living generation will never forget you."

A Good Investment.

W. D. Magill, a well known merchant of Whitewater, Wis., bought a stock of Chamberlain's medicines so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. For sale by all dealers.

To Cure Salt Rheum and Scaly Skin

A most Effective Treatment and Quick in Results.

Salt rheum, scaly skin and other itching skin afflictions may be soothed by frequent applications of witch hazel. But the cure must come from the activity of the fine network of blood vessels that make up the skin formation. You should use S. S. S. for the blood. This splendid remedy is a marvel for salt rheum, eczema, lupus, psoriasis and scrofula. Ask at any drug store for a bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is direct, positive, certain in its influence. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor. There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy to-day, and if your case is stubborn or peculiar, write to The Swift Specific Co., 133 Swift Laboratory, Atlanta, Ga.

Beware of all substitutes for S. S. S. the remedy you can depend upon for safety and effectiveness.

RUSSELL HOLDS CHAMPS TO A SINGLE HIT

SOX WIN FAST GAME BY SCORE
OF 8 TO 0.

Chicago Twirler Was Never in Danger As Only One of Stahl's Men Reached Third Base—Foster Hit Hard.

Chicago, July 14.—"Reb" Russell the Texas recruit pitcher of the Chicago club was almost invincible today and held the Boston champions to one hit, a single over second by Hooper in the third inning, while he and his teammates bunched hits off Foster and shutout the visitors 8 to 0.

Russell never was in danger, as only one of Stahl's men reached third base. He walked only one man, hit two and struck out four. Score: Boston, AB. R. H. O. A. E. BROOKLYN THROWS OFF HOODOO AND WALLOPS CHICAGO, 9 TO 2

Hammer Pierce and Overall For Seven Hits a Piece—Curtis Pitched Erratic Ball.

Brooklyn, July 14.—After losing ten straight games the Brooklyn club cut loose to day and batted out a victory over Chicago 9 to 2.

They hammered Pierce and Overall for seven hits a piece, Reulbach checking the onslaught after it was too late.

Curtis pitched erratic ball, giving eight bases on balls. He was almost unhittable, however, allowing only three scattered safeties.

SOME OFF-SIDE CHUTES

The Naps, who have been hold-outs, have at last joined the Baseball Players' union. President "Davy" Fultz has announced the acquisition of sixteen members of the Cleveland team. This addition of the Naps gives the fraternity representation in every club of the two big leagues and a membership of over 400.

Interest is keen in the Central State rowing regatta to be held in Peoria tomorrow and Thursday. Twelve of the best oarsmen in Chicago, representing the Lincoln Park Boat club, will compete, and the entry lists have been well filled from other sections of the central west. There will be races in single sculls, double sculls and four oared events. The Northwestern regatta will be held over the same course the following two days.

All of those alluring offers to Willie Ritchie to enter the ring in defence of his title cannot move the champion. He is going to take a long rest in Chicago, and while he is resting is forming a partnership with Billy Hicks to open a thirst parlor in the loop of the Windy City. To a person up a sapling Willie is destined to gather little rest in Chicago. Packey McFarland is the idol of sportdom in the big noise, and unless the champion consents to a match with the Stock Yards Beau Brummel he will have to put the fire out and call the dog, for it is a foregone conclusion Packey will camp on his trail until he either meets him in the ring or reneges on the championship stuff.

Johnny Dundee, after Jack White had cancelled his engagement to meet him the latter part of this month, has announced that in the future he will give no heed to featherweights. From now on he will entertain motions from light weights only. And, the little Turk says they cannot come too swiftly to please him.

Followers of the national pastime never appear to tire of relating stories of the freakish pranks of Rube Waddell. In every crowd, big or little, where baseball is the topic, some fan will spin a yarn of something out of the ordinary pulled off with this team or that club by the redoubtable Rube, and every mother's son of them believes his story is the one and only one entitled to a look-in for the big cake in the baker's window. Columns upon columns have been lavished in newspapers in a recital of the hundreds of stunts pulled by this eccentric one; but the most ridiculous one of them all he put over Connie Mack one afternoon in Philadelphia. He was pitching against the White Sox, and in the sixth inning, with the score 1 to 0

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit, indicating a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

These Summer Days
In warm weather the aver-
age person does not eat as
much meat as in the cooler
months. There is all too more
reason why the steak or roast
that comes on your table
should be of the best possible
quality.
Buy the "Coverly Kind" of
meat and you will agree with
us that there is a "difference."

LONGSHOREMEN IN SESSION.

Boston, Mass., July 14.—The annual convention of the International Longshoremen's association began in this city today with delegates in attendance from many parts of the United States and Canada. The opening session was held this morning in Faneuil hall. President T. V. O'Connor of Chicago called the gathering to order and addresses of welcome were delivered by Mayor Fitzgerald and representatives of the Boston labor organizations. The convention will continue for a week or ten days.

COUNCIL ORDERS ELECTRIC ENGINE

WILL PROVIDE LIGHT PLANT POWER FOR PUMPING.

Decline to Instruct City Treasurer to Loan School Fund Money—Audit of the City Books Approved—Total Water Collections for Year \$27,570.39.

At the regular Monday meeting of the city council the bid of the McGovern company to furnish the city an electric engine and generator for \$3,950 was accepted. The report of the Pendleton Audit Co. on the audit of the city books for the year ending April 30th, was received and approved. Mr. Pendleton found the city accounts to have been accurately and correctly handled during the past year. The communication of the board of education relative to securing interest from the city treasurer on board of education funds was referred back to the city council. The question of electing a successor to Dr. Clappitt was deferred to Tuesday. Some other matters were given attention, the council being in session about an hour.

The council was called to order at the usual time on Monday morning and the minutes were read and approved and some other routine business was given attention. An inspection report was received from the Hartford Insurance company conveying a report on boilers at the pumping station which were found to be in good condition save for some minor matters. A communication was received from the Trades and Labor assembly endorsing Walter L. Smith as a candidate for a member of the board of education from the third ward if the board selects someone as a successor to Dr. Clappitt.

Discuss Loaning School Money.
The clerk read a resolution which was passed at a meeting of the board of education and ordered certified to the city council. This resolution which was printed several days ago called upon the council to take some action looking toward the collection of interest on the \$54,000 which is now on deposit in the building fund of the board of education.

The reading of this resolution was followed by some discussion. Mr. Newman insisted that it was the duty of the council to require the city treasurer to pay interest on the board of education fund. In answer to the suggestion that this was a matter for the board of education to attend to Mr. Newman insisted that since the council appointed the treasurer that it was within the province of the council to demand that the treasurer pay interest on this building fund. He said that the council could and should require the treasurer to pay this interest or else the council should appoint a treasurer who would do so. He said that the treasurer if not willing to pay 3 per cent on the building fund balance should turn the money over to other banks who would be willing to handle it in this way. Mr. Knollenberg said that it might be possible to add a few hundred dollars to the building fund but said he couldn't see any use of putting any more money at the disposal of the board of education, to encourage them in extravagant expenditures. He said he was ready to vote at any time to change the system of school management from a charter to the general law as he thought that would be better. The system he thought would be more business like and would separate the school and city governments.

Mr. Engel said that it would be better to get interest money and squander it than to get none at all. Mr. Brennan said that he took the view that this was wholly a matter for the board of education to decide and act upon and that in his opinion the council had nothing to do with the board fund. He made a motion that the resolution be referred back to the board of education with a statement that the matter was not one for council action at all. Mr. Knollenberg offered a second to this motion and it was carried by the following vote: Commissioners Brennan, Knollenberg and Mayor Davis, yes. Commissioners Engel and Newman, no.

Pumping Equipment Report.
A report was presented by Wm. Constable, power expert for the General Electric company, who recently inspected the pumping equipment at the Widenham and East wells. Mr. Constable found everything there practically in good working condition but made some suggestions for minor betterments. It was stated that the city has now put everything into shape for pumping from the wells that can be done before the arrival of a representative of the American Well Works who is to do some work on the pumps. The Jacksonville Railway & Light Co. has also completed its work. The report of Mr. Constable was accepted and a vote of thanks given to W. B. Miner, superintendent of the Jacksonville light company for securing Mr. Constable services without expense to the city.

A letter was read from American Well Co. stating that a representative from their company would reach Jacksonville not later than Tuesday. The report of the Pendleton audit submitted by A. M. Pendleton gave a summary of his examination of the city's books for the year ending April 30, 1913. The trial balance shows the total business handled on the books during the year to be \$174,588.04. The report of R. L. Pyatt, city clerk, showed total receipts for the year \$10,575.34. This includes money from poll tax, licenses, cemeteries and sources of like kind.

General Fund Receipts.
The general fund receipts were as follows:
W. H. Cobb water department \$27,570.39
Justice of the peace 3,246.20
Interest 1,048.74
W. B. Rogers, collector 48,535.60
Wabash R. R. 543.66
Chicago & Alton R. R. 594.38
R. L. Pyatt, city clerk 2,423.18
Special assessments 446.73

Total \$84,408.88
As shown above the total collections from the water department were \$27,570.39. The collection from the water department by months was as follows:
May \$2,137.80
June 2,106.57
July 2,092.13
August 1,812.29
September 2,097.30
October 2,721.25
November 2,058.12
December 2,153.72
January 2,749.01
February 2,424.37
March 2,255.12
April 2,192.96

An ordinance was read the second time for a sidewalk on the north side of Chambers street between Mainville and Main streets. Since the work was first introduced there has been some agitation for a walk on the same street extending through to Clay avenue and it was decided to postpone action on this ordinance and prepare one for the larger improvement. The bond of Frank E. Baker as patrolman for \$500, with Michael McGinnis and J. J. Kelly as securities was approved.

Buy New Generator.
Bids were opened for an electric generator and engine in compliance with the advertisement of the council. The bid of the Pfannmueller Engineering Co. was \$3,685 f. o. b. Chicago, for an engine and generator, 200 K. W., 60 cye., 3 phase, 3,200 volts, speed 200 R. P. M. The bid of the McGovern Co. was \$3,950 for equipment of the same kind but including an exciter, panels and other equipment which the commissioners will need and account as worth from \$1,000 to \$1,200. On the recommendation of Commissioner Brennan, the bid of the McGovern company was accepted. A draft for 25 per cent of the bid is to accompany the order and 75 per cent is to be paid after the machinery is received. The price is f. o. b. cars Hoboken, New York.

Commissioner Newman called up the matter of electing a successor to Dr. Clappitt, member of the board of education from the third ward. Commissioner Brennan said he had been very busy and out of the city and had not been able to talk to the other commissioners about the matter and would like a postponement for just a day. Mayor Davis said the council would doubtless have to meet after the arrival of the American Well Works company representative today and that the board matter could be taken up then. Mr. Newman said this would be satisfactory to him.

RELIGIOUS LIBERALS TO MEET.

Paris, July 14.—Many delegates, among them several hundred from the United States and Canada, have arrived in Paris to attend the sixth International Congress of Free Christians and Other Religious Liberals. The congress will be formally opened Wednesday evening with a reception to the delegates. The retiring president, Karl Schrader of Berlin, will deliver the greeting and introduce the new president, Professor Emile Boutroux of the Academy of France. There will be brief addresses reporting progress in all parts of the world, Rabbi Stephen S. Wise of New York being one of the speakers.

Thursday morning Dr. Samuel A. Eliot, president of the American Unitarian association, will be one of the speakers. Thursday afternoon the International Union of Liberal Christian Women will convene and among the speakers will be several American women. Friday morning Dr. Charles W. Wendte of Boston, the international secretary, will make his report. Sir Henry James will follow him with a paper on "Religion and Modern Philosophy." In the afternoon several prominent Persian, Hindoo and Indian delegates will speak.

KHORASSAN KNIGHTS IN SESSION.

Minneapolis, Minn., July 14.—Minneapolis is entertaining this week a large gathering of prominent Pythians from all parts of the country. The occasion is the national assembly of the Knights of Khorassan. The order, while not a part of the Knights of Pythias, is affiliated with them to the extent of seeking its membership only from the Pythian order.

The Knights of Khorassan has had a gratifying increase in its membership the past few years and the present convention promises to be the largest in the history of the order. Today was devoted largely to the reception of the arriving delegations. The programme for the remainder of the week calls for a banquet at the Hotel Radisson, a magnificent illuminated parade of the patrol teams and several excursions, in addition to the daily business sessions.

The Best Medicine in the World.

CATHOLIC BENEVOLENT ASSOCIATION CONVENTION.

Atlantic City, N. J., July 14.—The annual national convention of the Ladies' Catholic Benevolent association, which is to begin its sessions here tomorrow, will be devoted largely to a celebration of the achievements of the past year, which witnessed the largest increase in membership that the association has had since its organization nearly a quarter of a century ago. The national officers and many of the delegates to the convention reached Atlantic City today. Every section of the country will be represented at the gatherings.

DON'TS on Rheumatism

Rheumatism is stubborn as a mule. Hangs on like a leech, wears you out, worries you with pain, drags your vitality, depresses your mind and health. DON'T give up to it. DON'T let it hang on. MR. METCALFE APPRECIATES
SOLDIERS' WORDS OF PRAISE

Recently Appointed Governor of
Canal Zone Sends Letter to Capt.
Smith — Is writer of Special
Talent.

As noticed in the press some time since Richard L. Metcalfe, associate editor of the Commoner, was recently appointed governor of the Panama canal zone by President Wilson. At the time an item in the Journal made mention of how gratifying this appointment is to Captain Smith and other veterans of the war who have great admiration for Mr. Metcalfe because of what he is himself and because of his honored father. Although Capt. Smith did not send a copy of the paper to Mr. Metcalfe, Major Johnson of Springfield did and yesterday Capt. Smith received from Mr. Metcalfe the following beautifully worded acknowledgment. The letter is dated from Lincoln, Nebraska and says:

Dear Captain:

Someone has sent me a copy of the Jacksonville Journal of June 11th containing your generous words concerning the honor that has recently come to me and your beautiful tribute to my father, the brave and gentle surgeon of the seventh Illinois. I write to thank you for it all. I frequently meet members of the seventh and they all look alike to me, every one reminding me of the surgeon who gave the world considerably more than the world ever gave to him. I hope that your life will be full of happiness and if I can ever render you a service I hope you will command me. Yours very truly,

Richard L. Metcalfe.

In the letter to Captain Smith the writer enclosed two gems from his own pen for Mr. Metcalfe writes much that is beautiful. Witness these thoughts from Mr. Metcalfe's "As We Forgive Our Debtors":

And now to old time friend and whom "foe," to neighbor near and neighbor "far away," I send this living thought, this word of perfect peace—"Peace on earth, good will towards men."

If there be in all this world one scar that word, or deed, or thought of mine has made, I bade it—in the name of love and life and truth—to heal; and crave the pardon of the victim of my fault.

Wherever in this vale of tears and vain regrets, of laughter and of joy, there lives one creature who has done me wrong I blot the memory from the realm of human fact.

Then turning from the embers where all hate has died I feel the life-full currents of the Father's prayer as I repeat the plea, "Forgive our debts as we forgive our debtors," and looking up through light and love I bow my head in gratitude to God and claim the benediction of the holy pledge.

The words certainly evidence the lofty spirit of the writer, the deep sense he has of the real values of life, the tenderness of his heart and if the father was imbued with a like spirit it is easy to understand even at this day why he was so venerated by his associates in the days of the great war.

MATRIMONIAL

Severys-Martin.

The wedding of Miss Frances Margaret Martin, formerly of this city to Mr. William B. Severys took place Monday evening, July 7th at 8 o'clock at the home of the bride's mother, Mrs. Libbie Martin, 1435 9th avenue, West Seattle, Washington.

The house was prettily decorated with cut flowers, ferns and palms. The ceremony was performed by Rev. W. A. Major, pastor of Bethany Presbyterian church, in the living room, before the fire place which was banked with ferns and delicate wild flowers. The dining room was in pink and white, the table centered with a mound of smilax and pink carnations and encircled with pink shaded candelabra.

The bride was given in marriage by her brother Mr. Geo. R. Martin. She wore a traveling suit of heavy tan colored messeline, with a hat to match and carried a shower bouquet of bride's roses and white sweet peas.

Master Robert Hatch acted as ring bearer and Miss Leana Martin, formerly of Springfield, Ill., and cousin of the bride sang "O Perfect Day" and played the wedding march from Lohengrin. Only relatives and intimate friends were present.

Both bride and groom are former students of the University of Washington. Cupin is known to have played some of his cleverest pranks on the young couple on the beautiful picturesque campus of the university, which edges for miles Lake Washington and at the boat races where Severys was always a husky oarsman, and in university dramatics and music in which both are talented.

Mrs. Severys is also a graduate of the Jacksonville High school and a member of the Phi Beta Phi Society. Mr. Severys was admitted to the bar and graduated with the class of 1912 at the University of Washington. He is a member of the Alpha Tau Omega fraternity.

Mr. and Mrs. Severys left on the "Princess Victoria" steamer for a wedding trip and will be at home after September first in Seattle. Mr. and Mrs. George C. Guthrie accompanied them as far as Vancouver, B. C., enroute home.

Mrs. Severys is the granddaughter of Mrs. Frances Braun, 349 Caldwell street.

Dorey-Anderson.

Friends in the city have received word announcing the wedding of Miss Lillian Anderson and Mr. Clarence Dorey, the ceremony taking place at Los Angeles, Calif., June 19. The bride was formerly a teacher at the School for the Deaf in this city, having resigned her position there two years ago to go out west. Mr. and Mrs. Dorey will reside in Lordsburg, N. M.

VanHyning-Dodsworth.

The marriage of Mr. Fred Van Hyning and Miss Mabel Dodsworth both of this city, was solemnized Saturday afternoon at 1 o'clock at the parsonage of the Krumler Methodist Episcopal church, Springfield, Rev. William Brandon, the pastor officiating.

The young people are most favorably known in Jacksonville. The bride is the daughter of Mr. and Mrs. R. W. Dodsworth of 619 South East street. She is a graduate of the Jacksonville High school and is a member of Centenary M. E. church. She is a young woman of pleasing personality with a wide circle of friends who will wish her a happy married life.

Mr. Van Hyning is the son of Mr. and Mrs. A. Van Hyning of 787 East College avenue. He also received his education in this city. He is a member of the Odd Fellows lodge No. 4. He is a carpenter by occupation and was formerly employed in the Crawford Planing mill as a stair builder and for two years followed the trade in a planing mill in Springfield. He is now employed by Joseph Ludwig of this city. The young people will go to house-keeping at once in their newly furnished home at 455 South East street.

DR. KOPPEL SELLS PRACTICE

TO DR. APPLEBEE OF CHICAGO
Dr. Alpha B. Applebee of Chicago has succeeded to the practice of Dr. G. H. Koppel and arrived in Jacksonville yesterday. The announcement that Dr. Koppel has sold came as a surprise as he had arranged all of the preliminaries for the transfer without informing his friends. Dr. Koppel has not made public his plans other than to say that he expects to remain in Jacksonville. With Mrs. Koppel he will spend a vacation of four weeks in Colorado and then return to Jacksonville. That he is still to be a Jacksonville citizen, is an announcement which sounds "good" to his many friends.

Dr. Applebee is the son of Dr. J. O. Applebee, for twenty years a dentist in Fulton county. He graduated from the dental department of Northwestern university and subsequently assisted in the demonstrating work of the prosthetic department. He has also had the advantage of associating with Dr. Austin F. James and comes to Jacksonville especially well recommended.

Surprising Cure of Stomach Trouble

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers. Adv.

RURAL CARRIERS MET

Choose Delegates to Aurora Convention—Plan Meeting Labor Day.

The rural mail carriers organization of Morgan county held a meeting Monday at the post office at which time C. E. Cussins of Franklin was chosen as a delegate, and Herman Ellis of this city, an alternate, to the state convention to be held in Aurora, August 7-8.

The carriers are planning to hold a meeting here on Labor day at the post office at 1:30 p. m. and it is planned to have the 28 carriers of the county present. A committee consisting of Ellis, Herman and Alfred R. Leake was appointed to secure a speaker for the September meeting to talk on the problem of good roads.

The following are the officers of the organization:

President—Lee Meredith, Franklin.
Vice-president—E. M. Siebert, Jacksonville.
Secretary and treasurer—Frank Bourne, Jacksonville.
Sergeant at arms—Percy Leonard, Concord.

MISSOURI'S FULL CREW LAW.

St. Louis, Mo., July 14.—The so-called full crew law, which has been opposed so bitterly by the railroads, will come into effect throughout Missouri tomorrow. The law provides that an additional brakeman shall be placed on every freight train made up of more than forty cars, and that there shall be an additional brakeman on all passenger trains. It is understood that all the roads affected are planning to join in concerted action to test the constitutionality of the law, possibly by inviting prosecution under the penalty provided for its violation. The law is intended to insure the safety of the traveling public, but the railroads maintain that there are no duties for the extra men to perform and that the only effect of the law will be to largely increase the expenses of train operation.

RETURN FROM BOAT TRIP.
Mr. and Mrs. Wm. N. Hairgrove have returned from a boat trip to St. Paul. They went from Jacksonville to Mercedia where they took a boat for St. Louis and there had passage on the steamer Quincy of the Streckfus line for St. Paul and returned by rail. The trip was somewhat marred by an accident at Quincy where a log was caught in the paddle wheel and damaged the big steamer to such an extent that there was a delay of twenty-four hours for repairs.

Any colored wash dress in stock up to \$5 values. Choice to day for only \$2.69. Strauss' Emporium.

VISITORS TO WAVERLY.

Members of the Jacksonville Bicycle club were quite active Sunday and four of the boys hit the dust to Waverly, reporting the roads good and a fine trip. They were Glenn Redding, Eugene Dodsworth, Robert Nesmith, and Clarence Siegfried.
